I the undersigned declare that
has implemented the NZPPI Plant Transport Protocol and are applying all relevant
aspects of the protocol to the transportation of plants.

has applied the following protocols of the plan to ensure the risk of
receiving/introducing and/or distributing myrtle rust is reduced and
managed to the best of our ability.

Note: Insert business name in the above blank fields.

TRANSPORT DECLARATION	YES	NO
Gear is disinfested daily – truck deck, and any equipment (trolleys, frames, pallet jacks...) that has come in contact with plants, are treated with Virkon S (or equivalent).		
Trucks are swept and cleaned prior to being loaded.		
Sweepings from trucks have been disposed of in an appropriate manner. (that is, bagged and disposed of via bulk waste, composting or deep burial)		
All plant material loaded is accompanied by a signed NZPPI Biosecurity Declaration Nursery Dispatch Protocol for Myrtle Rust .
